

# Occupational Health & Safety Policy

Infinity Constructions Group commitment towards the Health and Safety of its employees is of extreme importance within its operations. The company recognises and accepts its responsibility towards ensuring the Health and Safety of all Infinity Constructions Group employees, contractors, visitors and others.

In realising its commitment, Infinity Constructions Group will comply with all relevant occupational health and safety legislation and other identified relevant requirements.

Infinity Constructions Group will develop, implement, maintain and continually improve its Work Health & Safety Management Systems within its operations, including the objectives and targets.

Objectives and Targets:

- To maintain a safe and healthy workplace
- To achieve no lost time injuries or illnesses, serious accidents or incidents
- To provide systems that underpin our aim that all risks are identified and eliminated or controlled.

Management demonstrates through policy development that health and safety is their highest priority. Managers and Supervisors are responsible for the implementation and maintenance of Work Health & Safety Management Systems and Standards within the workplaces under their control.

All employees and sub-contractors must adhere to safe work practices whilst maintaining a safe work environment.

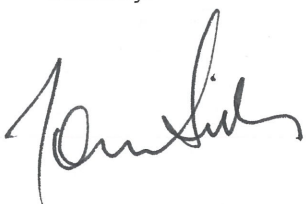

Employees will be required to work in a healthy and safe manner whilst discouraging others from working in an unsafe manner.

All employees may stop any identified unsafe work practices.

Education and Training of all employees on Health and Safety issues is considered to be a natural course of employment and all employees will be encouraged to embrace this concept.

This policy is an outline of the commitment which Infinity Constructions Group places upon Work Health and Safety within the workplace.

This policy will be reviewed annually to ensure it remains relevant and appropriate to Infinity and the industry.
